

AKSHAYA NAKHATE

akshaya.nakhate@gmail.com | P: +91 9575535987 | [Linkedin](#) | [Portfolio](#)

Product-focused engineer with 2 years of experience building AI-enabled workflows, automation solutions, and user-centric products across healthcare and SaaS ecosystems. Strong background in workflow automation, AI integrations, and product execution, with hands-on experience translating user needs and business problems into scalable technical solutions in fast-paced environments

EDUCATION

Scaler School of Business (SSB) | PGP-MT | CGPA: 3.69/4 | Top 10% of Cohort Sept 2025 - Mar 2027

- The Mombatti Co. | D2C Scented Candle Brand**
 - Generated ₹2L revenue and ₹42.5K net profit by building a 0→1 scented candle venture managing 600+ unit inventory, scent profiling, and packaging design; acquired 50+ customers and secured 1st Runner-Up at the D2C Challenge.
- Case Competitions | 30+ National B-School Competitions across Product, Strategy, and Marketing**
 - Winner 1st/500 teams** at IIM Lucknow Ad Making and **1st Runner-Up/400 teams** at SIBM Pune Marketing Case; the Glowry build (micro-nano influencer funnel) converted into an internship at Intent Farm.
 - Top 10/500** | COMET'26 x Flipkart PM Case Competition (IIT Roorkee): Increased Gen Z engagement, retention, and wallet share potential by designing a 3-Layer Stickiness Engine (Incentives, Trust, Habit).

Vellore Institute of Technology | B.Tech, Electrical & Electronics Engineering | CGPA 9.07/10 Jul 2018 – May 2022

- Project Head | IEEE Signal Processing Society:** Trained 100+ students across 10-15 project builds in MATLAB and PSpice, guiding end-to-end technical execution from concept to working prototype.
- International Event Coordination | Gravitas'19 & ICNAN'19:** Coordinated 4 technical events at Gravitas'19 (200+ teams, judges from IBM and GitHub); served as Student Coordinator at ICNAN'19, a 2d nanoelectronics conference with 50+ paper presentations.

BUILD PROJECTS

- 2 AM Buddy | 24/7 AI Voice Emotional Support Agent | Hackathon Winner (1/10)**
 - Built a conversational AI voice agent using VAPI and n8n with escalation workflows, calendar booking, and automated summaries in mail.
 - Achieved 30–40% repeat usage across 20+ beta sessions with 3–5-minute average engagement duration.
- AuditGPT | AI-Powered Growth Diagnostics Platform:**
 - Reduced audit turnaround from 6 hours to 20 minutes across 10+ brands by building a self-serve platform that analyses PDP pages, Meta Ad Library links, and Instagram handles to generate structured growth audits.
- MindLoop | Structured Thinking & Reasoning Platform**
 - Validated through 50+ test sessions tracking accuracy and structure scores, built an audio-first reasoning platform spanning 5 domains (Product, Finance, Sales, Marketing, Generalist) with 500 guesstimate questions, daily streaks, and an AI-driven insights dashboard.
- Mentorship Booking Portal | Google Apps Script**
 - Eliminated an estimated ~10-15 min of manual coordination per booking by building a platform tested across 7 mentors and 100 students, with role-based routing, searchable profiles, conflict-free booking, and feedback-gated rebooking (Sheets, Calendar API, Gmail, Meet, Drive).

EXPERIENCE

Growth and Strategy Trainee **INTENT FARM** Feb 2026 – April 2026

WalnutFolks Group | Intent Farm is a Google Premier, Meta, and Amazon Verified performance marketing agency.

- Performance Marketing Diagnostics | D2C/B2B Brands:** Delivered 10+ actionable growth recommendations by conducting growth audits across 10+ brands covering paid media, creative mix, and conversion drop-offs.
- Retention Marketing Framework:** Built a reusable retention funnel (lead capture → nurture → reorder → referral) using cross-brand insights to support future client engagements.

Advance Application Engineer Analyst **Accenture India Pvt Ltd** Jul 2022 – Aug 2024

- GenAI PoC | Data Cloud & Einstein LLM Integration | Hospital Client:** Reduced manual effort by 40% and improved support resolution efficiency by 30-50% by designing AI-powered support workflows for patient queries and appointment management.
- Failed Test Class Resolution | Enterprise Clients (INITIENT, Lash Fusion):** Reduced deployment turnaround by 50%+ by identifying and resolving 50+ failed Apex and LWC test classes across enterprise clients.
- Recurring Onboarding Automation | Healthcare Client:** Cut patient intake time from 20 to 8 minutes by automating recurring onboarding case workflows with logic to auto-generate multiple tasks per patient case.
- Profile Completion Automation | LWC, Apex:** Reduced profile completion time by 30% with 80% adoption across 2 client engagements by building an automated tracker for incomplete patient information that guides users to missing sections.
- Survey Builder Enhancement | Apex, LWC:** Automated 50+ survey cycles across 1,000+ patients and increased repeat survey participation by 25%+ by developing a reusable survey relaunch feature for recurring patient treatments.

EXTRACURRICULAR ACTIVITIES

- Research & Publication | IETE National Conference:** Recognised in top 10 among 50+ submitted research papers at the IETE-sponsored national conference by co-authoring a peer-reviewed paper on low-power flip-flop design presented at NIT Bhopal.
- Community Outreach | Science for Change:** Delivered 5 new builds in a follow-up showcase 4 months later, earning a VIT commendation, after leading 5 student teams to showcase science projects across 3 orphanage centres (50+ children).
- Vertical Head, Navera: Drove 4 club events and 300+ participants by aligning club presidents through centralized planning; resolved a finance club leadership gap by onboarding a new lead and finalizing the event within 3 days.
- Certifications:** Salesforce Certified Administrator (Mar 2023), Platform Developer I (Jul 2023), Platform App Builder (Nov 2023), Life Science Certificate (Jan 2024), Data Cloud Consultant (Mar 2024).
